

HOW LANXESS WILL BECOME CLIMATE-NEUTRAL BY 2040: THE MILESTONES

From its founding in 2004 to becoming climate neutral in 2040, the company is undergoing a carefully planned transformation.

* Emissions from CO₂ equivalents in 1,000 tons in terms of emissions from company-owned plants and processes as well as externally acquired, such as electricity, steam or long-distance heating.

** Less than 300,000 tons of CO₂ equivalents: These will be reduced through compensation measures.
